LOS COLORES DEL CARACOL

LOS RESIDENTES DE LA PENÍNSULA CARACOL, A.C.

State of the gate....

The new entry/exit gate construction is well underway. Initial plans were to have the new gate installation underway several months ago, but engineers, plans and permits slowed things considerably. The main entry is closed, but a bypass road has been built allowing traffic access to the hill. Please drive

with care. The new entry will allow level access in the gate area, so we will no longer have to stop on a hill. A New video surveillance system will be installed in the new caseta duplicating the old system but with higher resolution cameras. The new casta is larger, housing computers and gate electronics and providing guard quarters with access to both exit and entry if necessary. Pictures of the construction are being posted on the caracolassn.com web site. October marks the return of many residents to the hill. We hope to have a traditional welcome back gathering (as well as a Soggy peso “meet up”) for all of the residents in the coming months. Watch the website for more information
