LOS COLORES DEL CARACOL

LOS RESIDENTES DE LA PENÍNSULA CARACOL, A.C.

Bienvenido al Nuevo Caracol

The new Caracol Entrance is now open. We are currently providing security, both uniformed guards and police, to stop unauthorized entry onto the Caracol 24/7. You are either a resident, renter, visitor or maintenance. Other cars are being turned away, and asked to make a U turn and leave.

When necessary, there will be guards stationed at the entrance road to the beach to prevent excessive parking on the beach road. We are beginning the installation of the surveillance cameras and electronic gate hardware. For the time being, the guards will be stationed at the entrance indefinitely. The reduction in traffic on the hill has been notable. On weekends, daytime traffic is down 60% and unauthorized nighttime traffic has stopped. Please notify the guards if you observe unauthorized autos, and they will

have the police escort them off the hill. When you enter, the guards will be providing a colored paper placard to put on your dash with your house number to allow you immediate entrance. Renters will receive a different color with a expiration date. Workers receive a green placard. The Caracol has ordered printed plaques similar to handicapped badges that hang on your mirror or can be placed on your dash and will be available soon.

Significant progress has been made laying new Adoquin on the Caracol roads. Pavers have been laid from the top of the beach road halfway towards Heart attach hill, and pavers have been ordered for CR Cabrillas, lot 547, connecting with the top of Paso Camaron, lot 618. We have laid nearly 1000 sqr meters of Adoquin so far this year.

More to come.....
