## LOS COLORES DEL CARACOL

LOS RESIDENTES DE LA PENÍNSULA CARACOL, A.C.

### The northern migration begins!

We're having a Last Chance beach party on May 3rd. This is your opportunity to clean out the refrigerator and wiggle your toes in the sand before you head north for the summer. Bring some food to share and a chair. Call Debra 226-1756 if you have any questions. If you need help getting up and down the hill to the beach, let us know. We can drive you onto the beach if necessary.

The photo on the left is one of three of our regular entrance guards, Adrian. Adrian has been watching our gate for several years now, and does an excellent job. Also, he helps with light maintenance such as watering the Bougainvillea along the road. It increases security on the hill if Adrian and the other guards know the residents. Please say Hi as you come through the gate, and drop off a cold drink on a hot day.

The association is going to be paying for an additional guard at the entrance gate on Sundays, from May through September, 2018. With the growth in vacationers coming to San Carlos during the summers, the guards experience an increased workload. Having two guards helps discourage the more aggressive sightseers that try to access the hill, as well as control the number of cars accessing the Caracol Beach. As always our motivation is to keep the hill *Safe, Peaceful and Secure*.

Thanks to our Caracol volunteers and donors for the work they have completed! January: Pila cleanup/replanting, February : All electrical poles repainted, March/April: Five dump truck loads of landscape/ construction waste removed and entrance landscaping. Please remind your gardeners to place all landscape waste into the trash. Don't throw garden or construction waste onto empty lots. Please have all of your construction waste removed in a timely manner. Removing the buildup is heavy work, a fire hazard, and disrespectful to others properties. Many thanks for everyone's help.
