## LOS COLORES DEL CARACOL

LOS RESIDENTES DE LA PENÍNSULA CARACOL, A.C.

Cleanup is something no one notices..until you don't

We are now on Phase 3 of the weed cleanup. This year has been a big job, due to the large amount of weed growth. Phase 1 was cutting out the large growth of palms, weeds, etc. with a machete no less! Phase 2 occurred last week with a trimming of the Entry bushes, trees and Pila. We also repaired loose irrigation. Coming up will be the weed cleanup and haul away around the streets of the Caracol. Soon after, will be a total spraying of the Caracol.

We are making progress on the street signs! Cesar Leyva is currently pouring more signs and Tom Reed has been cutting more letters and numbers! The work has gone slowly due to so many other building projects. Our plan is to get the bulk of the signs poured, street and lot numbers inlaid and then begin the process of installation at the street corners. Once all are installed, volunteers will paint the insets and logos. More to report later!!
