## Change is in the wind.....

Change is always good!

We are excited to say we have a new security team starting in August! We know our current security team and system is broken and their program consistency has been challenging and a major issue for some time. To improve community order, safety and to support our regulations we will be changing our security company August 1st, 2022. We will also be issuing new car tags that will go into affect at the same time. The tags will help expedite residents travel though the entrance. You will be required to fill out a registration form and instructions in order to obtain your car tag. Please stay tuned as you will be receiving this information in another email shortly and on the whatsapp chat. Thank you for your support and attention, your HOA.

Lots of road work this month. Caracol volunteers Michael Ward and Cecelia Bravo are supervising the cobble and Adoquin repair throughout the Caracol. Once repairs are completed, they will move to the bottom of the hill extend the pavers down to the Six Store. This will complete the entrance road to the Caracol. This will provide smooth travel to our velocipede residents on their daily excursions. The cobbles that will be displaced will be used along the fencing across from the Adopt a Median in order to complete the look of the Adoption project. Volunteers may be asked in June to help for a few hours to move the cobbles to the new location.
